

2008 Outdoor Soccer Sponsorship Information

Last year we had around 375 boys and girls participate in our recreational soccer program. We typically have around 35 different teams participating in 5 different leagues. Funding for this program comes from the participants and the Fondulac Park District. The soccer program is run by Park District staff and a group of volunteer parents who make this program happen every year. In order to have this program available to as many children as possible we need the help of business people like you to make it happen.

In-House Recreational Teams \$100 per team

These teams consist of kids from the East Peoria and Creve Coeur area and are coached by volunteers. For your sponsorship fee you will receive your business name on the team shirts, a listing in our mailings and a listing on our www.fondulacpark.com/soccer.html web site.

New offering: Sponsor a team in each of our 5 divisions. Your business gets maximum exposure in each of our divisions from 4-5 year olds to Junior High grades. This is only \$350!!

We believe that soccer is an ideal venue to teach attributes such as sportsmanship, discipline, cooperation, competition, self-confidence, and teamwork. We hope that we can count on your support to make this happen.

Sincerely,
Brian Tibbs
Sports Program Supervisor
